SINGAMPATTI COLLECTION.

Nature of the Document 1	Language 2	Date 3	Contents. 4
Copy of the sannad given by the East India Company to the Zamindar of Sivagiri.	Tamil		The sanad was issued in consequence of the information given to the Government about the loss of the original Istimirar Pattayam Details about the extent of the Zamin, the names of villages included in the Zamin. Conditions of grant. (i) tax proceeds should be promptly remitted. (ii) promotion of the ryots Welfare must be the chief criterian. (iii) Adequate justice must be given. This document throws light on the fact that the British were determined to interfere as and when the situation warranted their interference.
Official history of the Seithur Zamin sent to the Government in response to the latter's letter was	English	1905	description about the Zamin Location Near Srivilliputhu taluk in Tinneveli Dist. The Zamin was formerly a palayam but subsequent to the British take over the name palayam was changed into Zamin.

1	2	3	4
			Information about population the number of villages occupation of the inhabitants The nature of the crops grown etc. is given.
			The Zamin was granted to one Thiruvnatha Thevar ~~for~~ by Thirumalai Nayak, for having defeated his enemies. The present Zamindar is the fiftyeth of his line. The rule that governs the succession is the law of primo geneture.
			The 48th Zamindar was honoured by being presented by the King Emperor of India a medal and a certificate of loyalty.
Open letter of Mr.James to the Zamindar of Ettayapuram for publication in the Peoples Guardian	English	undated	- at once a piece of consure and a peace of good advice. Having had a sound education the Zamindar failed to use the fruits of it. Instead of developing talents to improve the lots of the ryots, he had taken to small frivolities, and wasted his money on sychophants and flatterers who flocked around him for money. He had taken himself to day dreams and that at one day he would be given the title Raja. The letter makes it plain that unless, the Zamindar ~~etc.~~ devoted himself to the Welfare of his subjects, he could not dream about the title Raja, which it would come to him un-invited, only if he was ~~conscitious~~ conscientious ~~xx~~ about his duty.

do	do	do	ancient palayam, the origins of which are traceable to the sixteenth century Kumara Muthu Ettappa Naicker obtained nine villages in 1443 for having suppressed a few rebellians against the Kingdom of Madurai One more was given in 1589; East India Company granted 84 villages as reward for the services rendered to the Company aginst Kattabommu Naicker. The family origin goes back to one Ponnappa Naicker who lived in the 89th century who for having xxxxxx defeated the eight brothers of Soman, the wrestler of Sahu King of Vijayanagar assumed the title Ettappa The record states that the family moved down to south during Allaudin's invasion and served under the Pandyas. It was there that Pandya Muthu Theva Kumara muthu Ettappa Naicker put down the Palayam revolt and got the palayams.

Geneological list of the Singampatti Zamin	Tamil	1905	Originators Kotta Maravar subjects. During the reign of Urkirama Pandiyan the family was living on Ukkirakkotai . The originator of the family was one Abathararathi Thevar.
Memo cum Official history of the Uttumalai Zamin	Tamil	1905	The orginators of the Zamin belonged to the Kondayan Koota sect of Marawas. The founder one Marudappa Devar flourished in Trichali in about 10th A D. The nineth generation of the line, Sri Jagathalaya Marudappa Thevar had a beautiful daughter hand of whom was solicited by the King of Madura. Misunderstanding arose as a consequence and the said Thevar moved out to North he drove away a few robbers in consequence of which he was given a few palayams. The nineth successor Krishnaraja Marudappa Thever returned to South and joined the services of Urkad Poligar. Later, the Ukkironkottai Raja, gave him Naruthu and a few others villages. Uttumalai was one of them. The Marudappa, used as a suffix for all the members of the family refers to a deity (Lingam) of Siva, under a Maruda tree. The history refers to the two disputes that ever arose on the question of succession. the present holder, a childless widow is the

		is the first of her sex to hold this position.
Description of the geneology of Sri S. Ramabhadra Naicker of Periakulam	Tamil	Ancestor of the family, one Ramabadra Naicker, was a steward to the famous Nagama Naicker. The record vividly portrays, the roles played by the ancestors of the Periakulam Zamindar in the Sagas of Viswanathan Naick's Association with Chandra sekhara Pandiyan . The successor of Ratna badra Naicker too had played important roles to the Naick Kings of Madura, as for instance, Machi Naiker II in Tanjore and Kondama Naicker in the take over of Dindigal by Hyder.
Letter written by Vadagarai Zamindar to the Zamindar of the Sattoor on the letters cornation.	do	This is a piece of advice given by an elderly man to a young man who had just assumed this office of Zamindar In this letter he brings out the need to administer the Zamin justly and take care of the ryots welfare He reminds the young man that the British had seen to it that the internal administration of the Zamin was as peaceful as it was in British India. It was with this purpose that the Court of Wards had been set up. The letter is one of the finest examples of the "boot-licking" attitude assumed by the Zamindars and other convervative groups after the 1857 uprising.
Printed geneological list showing the line of Sethupathi of Ramnad.	do	The period covered by the line is given as 1605 to 1903 The originator was Sadaikka Thevar 'Udaian Sethupathi who ruled from 1605 to 1621. During the period 1782 to 1795, the Government had temporarily taken over the Zamindari which it returned to Rani Sethupathi Mangaleswari Nachiyar.
